επίκεντρο ο άνθρωπος | empowering humanity

SNF Nostos is returning to the **Stavros Niarchos Foundation Cultural Center (SNFCC)** a public space **SNF** gave to the people of Greece in 2017 that has seen more than 31 million visits and become a modern landmark in the city.

It's home to the **National Library of Greece**, the **Greek National Opera**, and the largest public Mediterranean garden in the world, **Stavros Niarchos Park**. Its premier venue is the plush **Stavros Niarchos Hall**, which seats 1,400.

Designed by renowned architect Renzo Piano, it was the first large-scale cultural project in Europe to earn LEED Platinum certification.

SNF Nostos 2026, June 21-28, will be a chance to gather, to learn, to enjoy, but also to celebrate SNF's 30 years of grant making with an incredible community of grantee-partners who put humanity at the core.

5,600 SNF grants to nonprofits have helped people in more than **135** countries access health care, education, cultural resources, and life's essentials.
